CERTIFIES The Company:

Syd Jet Lego AB, Waterjet Cutting

Järnbruksvägen 3

SE-372 52 Kallinge

Blekinge

As a manufacturer

CERTIFICATE No. 20/3410/00/0161

Has obtained EU TYPE EXAMINATION in compliance with what is stated in Regulation (EU) 2016/425 and in agreement with the applicable test procedures and technical specifications

For the protection of eyes and face, according to the following standard/s:

.

- Recommendation of use RfU PPE-R / 03.031 Version 1 according to Commission Recommendation (EU) 2020/403 of 13 March 2020 on conformity assessment and market surveillance procedures within the context of the COVID-19 threat, to protect against droplets and liquid splashes.

Having achieved the performance requirements specified in conformity assessment report No. **2020EC4096UE** and the PPE's Technical Documentation.

Description of the PPE:

Face shield made up of a frame, a transparent visor that covers the eyes and face, and a headband.

The frame has a curved shape covering around the face. It is 20 mm high, 6 mm thick and it has a slot throughout all its length to insert the visor. Each extreme of the frame has a slot: on the left side is inserted and fixed with a rivet a flexible black buckle with three slots to attach the elastic headband, and on the right side the elastic band of 20mm high is inserted directly on the frame's slot. Contains a foam of 20 x20 mm on the forefront.

The visor dimensions are: 220 mm high, 350 mm wide and 500 microns thick.

The frame can be distributed in color white and blue.

The materials that form the PPE, are described in the conformity assessment report nº 2020EC4096UE.

The PPE is available with the following variants:

- The frame contains two slots on the extremes to insert the visor, which will rest over the frame

It shall be the manufacturer's responsibility to provide specific information of this certificate and the tested levels of protection.
